Address by Er. B. K. Chaturvedi, President, IITR Alumni Association

Distinguished Guests; Dear Alumni, our special guests, the Silver Jubilee alumni, and, their families; Ladies and Gentleman:

I have great pleasure in welcoming you all to this, the 69th Annual General Meeting of the IIT Roorkee Alumni Association. I particularly wish to felicitate our Silver Jubilee Alumni of the 1993 batch, many of whom are returning to the campus after 25 years. I extend a special welcome to the families of alumni who have joined us on this occasion.

We are privileged to have with us two distinguished well wishers of Alumni Association. First is Prof. A.K.Chaturvedi, Director IIT Roorkee. Prof. Chaturvedi has been taking personal interest in affairs of alumni and alumni association. He strongly believes that Roorkee alumni are an important strength of the Institute and should be nurtured accordingly. His vision and guidance is an important support to AA. Second person is Prof. B.R.Gurjar, Dean of Resources and Alumni Affairs. Dr. Gurjar is Professor of Environmental Engineering in Civil Engineering Dept. Prof. Gurjar has been an effective link between the Institute and Alumni Association. He has been proactively supporting the Alumni Association in its various activities. You would have seen the new office of AA. It is the support of the Director and the Dean that has enabled AA to get a decent office at good location. I want to place on record our sincere thanks to Director and the Dean.

Last one year has been a year of following significant changes

1. It has been agreed that Campus based activities will be organized by IITR. Yours is the first batch where Jubilee meet is being hosted by IITR. AA will focus activities outside Roorkee. You would have noticed the effect of this change. Our local chapters activities have increased significantly. But we have a long way to go. There are still many locations where we have more than 25 alumni where chapters are to be promoted. Our Vice President Dr. Achal Mittal is leading this initiative and he is doing a good job. Soon we hope to have an extensive network of local chapters way ahead of any other institution.

2. In order to enhance effectiveness of Alumni Office, we have a full time Executive Officer, Ms. Ruchika Monga. She has settled down quite well in the role. I am sure your experience in dealing with alumni office will now be much better.
3. As I mentioned earlier, we have a decent alumni office to welcome you on the campus. It gives our visiting alumni a place to comfortably sit and plan their campus visit over a cup of tea or coffee.

Our alumni data base is still quite incomplete. Efforts are on to get preferably each and every alumnus in it. Alumni support can help a lot to expedite this process.

Under Prof. Ajit Chaturvedi's dynamic leadership, IITR is pursuing excellence in various areas. The efforts have started showing results. You must be hearing more positive news about IITR than before. But we have still long way to go. Be it any ranking system, we want to consistently figure among top 4 IITs in the country. IITR loses out significantly on perception. May be, we are unduly modest and don't praise our alma mater sufficiently. In ranking, modesty is not a virtue. Let us do whatever we can to improve perception of our alma mater.

In pursuit of excellence, there are many activities which require financial resources. Many of these activities are not supported by Govt. grants. It is up to we alumni to support these activities. PI do interact with Dean Alumni to understand what IITR's priority needs are and discuss with him what can be done individually and collectively. The batches, who celebrated their silver jubilee, should remain in regular contact with Dean to regularly explore opportunities of contribution.

In the end, I wish that you and your family have a memorable stay at Roorkee. IITR team is putting their best effort to make your stay as comfortable as possible. However your expectations could be higher. I am sure there would be gaps in hospitality. Please excuse us for the gaps and urge you to enjoy these memorable moments.

I take this opportunity to thank all my colleagues in Executive Committee for their active involvement and support in managing affairs of IITRAA. I also thank the staff of AA office for their hard work and commitment in running AA office efficiently with high service orientation.

With best wishes,
B.K.Chaturvedi
